Axiom Equity

A Compartment of AXIOM LUX,
Share Class R (EUR) – ISIN code: LU1876459303
Management Company: AXIOM Alternative Investments

OBJECTIVES AND INVESTMENT POLICY

The main characteristics of the Compartment are:

- The Compartment is sectoral: Financial Services industry.
- The investment objective of this Compartment is to achieve, over a minimum 5-year investment horizon, a return net of management fees similar to or greater than that of its benchmark Stoxx Europe 600 Banks Net Return, by taking advantage of major opportunities in the international equity market;
- The Compartment investment policy is to select equity securities issued by European financial institutions primarily large capitalization;
- The Compartment is constantly exposed to equity markets. More specifically, a minimum 75% of the Compartment's net assets will be constantly invested in issuers from the financial industry of any market capitalisation domiciled in any EU member state as well Norway and Iceland, and subject to corporation tax (IS), or in shares or units from UCITS eligible for the PEA (equity savings scheme);

- For exposure or hedging of the portfolio, the Compartment may intervene in Luxembourg and / or foreign regulated futures markets and use OTC financial instruments to hedge currency risk. These instruments may not exceed 100%.
- Since part of the assets may be denominated in currencies other than the base currency, the Compartment may be exposed to currency risk;

Others information:

- Management is fully discretionary. Arbitrage operations can be executed depending on market conditions and opportunities;
- The recommended investment period is five years;
- The UCITS reinvests its income;
- Share subscription and redemption orders can be placed at any time and are centralised no later than noon on every valuation day and executed daily.

Typically higher rewards

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The level 6 risk and reward indicator reflects the Compartment overall exposure to interest-rate markets through high-yield, speculative securities, which offer high yields in compensation for a higher risk of default.

- The lowest category does not mean "risk-free".
- The risk category for this Compartment is not guaranteed to remain unchanged and may shift over time.
- The Compartment does not offer the investor any capital protection;

Risks materially relevant to the UCITS which are not adequately captured by the indicator:

Risk related to the use of financial futures instruments (IFT)

As the Compartment, may invest in derivatives, the net asset value may fall more significantly than the markets and financial instruments underlying these products. The occurrence of this risk may lead to a reduction in the net asset value of the Compartment.

Equity risk

Due to its investment objective, this Compartment is exposed to equity risk. Therefore, its value may decrease when the equity market declines, especially when prices of financial stocks decrease.
