Axiom Obligataire

A Compartment of AXIOM LUX,

Share Class C (EUR) – ISIN code: LU1876460731

This SICAV is managed by AXIOM Alternative Investments

OBJECTIVES AND INVESTMENT POLICY

The main characteristics of the Compartment are:

- The objective of this Compartment is to achieve, over a minimum 3-year investment horizon, a return (net of management fees) similar to or greater than that of its benchmark by taking advantage of major opportunities in the international bond market.
- Benchmark : 40% of ICE BofAML Euro Financial Index, 40% of ICE BofAML Euro Corporate Index and 20% of ICE BofAML Contingent Capital Index.
- The investment policy of the Compartment consists of selecting bonds or debt securities issued by European financial institutions.
- Only issues of companies with a long history and a strong market presence are taken into consideration.
- The acquisition or disposal of bonds or debt securities is based on an internal analysis of the issuer's credit risk.
- Transferable debt securities and bonds rated below B- by Standard and Poor's, or B3 by Moody's, or B- by Fitch Ratings, or B Low by DBRS (the highest rating will be applied), or a rating considered equivalent by the management company, or which have no rating, shall not exceed 20% of the Compartment's net asset value. These securities fall into the speculative category. The fund is not sector-specific.
- The selection may lead to a 100% exposure of the Compartment in the same sector of activity
- The Fund may hedge its credit risk through CDS (Credit Default Swap) or expose its cash pocket to the credit market with CDS.
- The Compartment is permanently exposed in interest rate markets in OECD countries; Particularly in the euro area, the United Kingdom, Switzerland and the United States. The exposure in each of these markets may be 100%

Other information:

- A part of the assets may be denominated in currencies other than the reference currency, the fund will be hedged against this risk. However, a residual risk remains.
- Management is fully discretionary. Arbitrage operations can be executed depending on market conditions and opportunities.
- The Compartment is managed within a 0 to 10 sensitivity scale.
- The recommended investment horizon is at least three years.
- The UCITS reinvests its income.
- Share subscription and redemption orders can be placed at any time and are centralised no later than noon on every valuation day and executed daily.

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The Level 3 Risk and Return indicator reflects the Fund's exposure to international bond markets with currency hedging.

- The historical data used to calculate the risk level might not be a reliable indicator of this Compartment's future risk profile.
- The lowest category does not mean "risk-free".
- The risk category for this Compartment is not guaranteed to remain unchanged and may shift over time.

- The Compartment does not offer the investor any capital protection.

Risks materially relevant to the UCITS which are not adequately captured by the indicator:

Credit risk: investors are exposed to the risk of defaults on the bonds included in the portfolio. This risk may affect up to 100% of the portfolio. The materialisation of this risk may lead to a fall in the Compartment's net asset value.

Counterparty risk: the Compartment may suffer losses as a result of a counterparty failing to meet its contractual obligations.
